BSc (Hons) Computing
Informatics College, Pokhara, Nepal
Oct 2023 – Present (Expected Graduation: 2027)

School Leaving Certificate (SLC) – Science Faculty
Prakash Secondary School, Beni, Nepal
2021 – 2023

PROJECTS

UniqueFancy – Dynamic E-commerce Website

- Team Project (6 members) | Coursework
- Led a team of 6 to build a fully functional dynamic e-commerce platform using Java, JSP, JavaScript, CSS, and MySQL.
- Designed and implemented user authentication, transaction management, and a monthly sales statistics dashboard for admin users.
- Developed a category management system that allowed admins to add, edit, and delete products, improving inventory management efficiency.
- Technologies: Java, JSP, MySQL, JavaScript, CSS

Sneakers Zone – Static E-commerce Website

- Team Project (4 members) | Coursework
- Collaborated with 4 peers to design a responsive multi-page static website featuring a homepage, product listing page, and about us page.
- Focused on clean UI/UX design and cross-browser compatibility using HTML5 and CSS3.
- Technologies: HTML, CSS

Car Rental Website – Static Landing Page

- Individual Project | Personal Practice | Jun 2024
- Developed a static car rental booking interface prototype using HTML5.
- Designed a simple, user-friendly layout to simulate vehicle browsing and booking forms.
- Technologies: HTML5

CERTIFICATIONS

- Advanced Diploma in Computer Application (ADCA) – STP Computer Education (2025)
- Graphics Design Certification – STP Computer Education (2025)
- Web Development Certification – STP Computer Education (2025)
- Java Object Oriented Programming – STP LinkedIn Learning (2025)

KEY ACHIEVEMENTS

- Successfully led and managed a team of 6 members to deliver a complex dynamic web project within a tight deadline.
- Regularly self-learn new technologies through online platforms to stay updated with industry trends.
